## THE OFFICE OF VOCATIONAL REHABILITATION

OVR provides vocational rehabilitation services to help persons with disabilities prepare for, obtain, or maintain employment. OVR provides services to eligible individuals with disabilities, both directly and through a network of approved vendors. Services are provided on an individualized basis. The OVR counselor, during face-to-face interviews, assists customers in selecting their choice of vocational goals, services and service providers.

### LIFE COURSE FRAMEWORK

The LifeCourse Framework was developed to help individuals with disabilities and families at any age or stage of life think about what they need to know, identify how to find or develop supports, and discover what it takes to live the lives they want to live. Individuals and families may focus on their current situation and stage of life but may also find it helpful to look ahead to start thinking about what they can do or learn now that will help build an inclusive, productive life in the future.

### NORTH STAR SUPPORT SERVICES

North Star Services, Inc. understands that great achievements require time. Transition planning is a key to making your dreams come true. Support Coordinators can assist in various ways. We will help you and your family identify and get the things that you need in order to live the kind of life you want. We can help you with post-secondary education goals, employment/training goals, and independent living goals. We will work with you and your family and friends in your home, school, work and community.
